When I grow up I want to be an actress! I know it is not a regular job but I really like it. The reason I like it is because it gets you over stage fright, shyness, and helps your spirit. You see that is the reason I started it in the first place. My parents started me at Every Body Fits with Mrs. Cathren. She is cool and looks young and fun. But every ways lets get bad to want i want to be when I grow up. So I started so my shyness would go away. And it worked but that is not the only thing that worked it also made me spirited (whitch I alreddy was) and it helped my stage fright and it gave me a dream!
